EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Justin Karjala on June 27, 2003.

The application has been amended as follows:

Claim 13 was cancelled without prejudice towards further prosecution.

Claim 24 was amended as follows:

24. A process for producing a polypeptide comprising culturing the host cell of claim 9 under conditions sufficient for the production of a said polypeptide encoded by the nucleic acid molecule of claim 4, and recovering said polypeptide from the host cell culture.

It will be apparent that the restriction is WITHDRAWN with regard to claim 24 and this claim is, therefore, rejoined under the practice of *In re Ochiai* and allowed with the nucleic acid claims.
